Our Dear Supporters,

To say that this last year has been challenging would be an understatement. The COVID-19 pandemic has widened an already great divide within our community. **It's been a year of incredible effort from our advocates and volunteers who work tirelessly to bring life-changing services to survivors of domestic violence and sexual assault in Clay County.**

At Quigley House, we recognize that violence stems from inequality, privilege, and discrimination. **That's why we do everything possible to let people know we believe them and understand their fears.** We spread awareness of the services we offer and ensure that every person feels loved, respected, and heard.

During these unprecedented times, it's people like you, our donors, who have made it possible for us to keep going. Your generosity helps us create a safe, inclusive environment for every adult and child that needs our services.

We want to personally thank you all for supporting our mission to **Educate, Equip, and Empower** survivors to live every day free of violence and oppression.

Thank you!

Jennifer Rodriguez, MA
Chief Executive Officer

In October 2020, **Jennifer Rodriguez** received the **Outstanding Advocate of the Year Award** from the Florida Council Against Sexual Violence for her work as the Director of Sexual Assault Services.
